

Benefits of Remote Deposit Capture

CONVENIENT

Enjoy faster availability of funds, later deposit cutoff times, and eliminate trips to the bank.

SAVES MONEY

Less time spent waiting in line at the bank and less travel to the bank save time and gasoline expenses.

EASY TO USE

Little or no training needed to use the intuitive Simply Deposit web based software and seamlessly integrated scanner. Deposit can generally be made in less than 5 minutes.

EFFICIENT

Get detailed reports, track deposit history, access images of checks. Get all of the information you wish you could get easily from your bank.

FASTER AVAILABILITY OF FUNDS

Generally funds will be available the next business day as long as checks are successfully deposited with Simply Deposit by 6 PM eastern.

GOOD FOR THE ENVIRONMENT

Electronically depositing checks not only saves time but it saves fuel and energy costs as the physical checks no longer need to be transported by car, truck and airplane through the check clearing system. Remote Deposit Capture helps reduce the consumption of fossil fuels and is thus good for the environment and the planet.
